

Public Lecture Series

Innovations in Agriculture

Thursdays, 12:15 to 14:00 h - HS 26, Heinrich-Pabst-Str. 3, 1st floor

- 19.10.2017** **Innovation – An introduction with practical applications**
Dr. Christian Linke, Managing Director, Agri-Esprit
- 26.10.2017** **Automatic steering solutions and autonomous vehicles**
Dr. Thomas Engel, Manager Technology Innovation Strategy, John Deere
- 02.11.2017** **Innovations in plant breeding •** *Dr. Léon Broers, Member of the Executive Board, KWS SAAT (Responsible for Research & Breeding)*
- 09.11.2017** **Microbial biosynthesis of bulk chemicals from plant-derived raw materials**
Dr. Jörg Mampel, Technology Platform Coordinator „Genetic Engineering“, BRAIN AG
- 16.11.2017** **CIMMYT`S agricultural mechanisation strategy**
Dr.-Ing. Rabe Yahaya, CIM/GIZ Mechanisation Expert CIMMYT-Ethiopia
- 23.11.2017** **Connectivity and big data in precision agriculture (Farming 4.0.)**
Dr. Thomas Engel, Manager Technology Innovation Strategy, John Deere
- 30.11.2017** **Farming 4.0 – Challenges and opportunities**
Dr. Christian Linke, Managing Director, Agri-Esprit
- 07.12.2017** **Mechanization in agriculture – A view of the future for large farming enterprises •** *Chris Graf Grote, Operations Director, Spearhead International*
- 14.12.2017** **Agriculture 2030 – DLG`s approach for future farming**
Dr. Lothar Hövelmann, Managing Director, DLG
- 21.12.2017** **The role of the German Farmers Association (DBV) in promoting innovations**
Dr. Simon Schlüter, Head of the department for international relations, DBV
- 11.01.2018** **From the idea to the successful product – The innovation process at CLAAS**
Dr. Arne Bohl, Technology Manager, CLAAS Group
- 18.01.2018** **Agrirouter: A new solution for data exchange along the value chain**
Dr. Jens Möller, Managing Director, DKE-Data
- 25.01.2018** **From tradition to digital farming-innovations in root crop harvesting**
Dr. Eberhard Krayl, Managing Director, ROPA

Everyone is welcome to join the public lectures!
